

Central Atlantic Region of Narcotics Anonymous

PLANNING WORKSHOP

Workshops focused on Planning Steps 1 and 2 of the seven step planning process in the "PLANNING BASICS"

STEP 1 (GATHERING INFORMATION)

Gather ideas, topics, issues, and perceptions. This is often referred to as "scanning." Scanning is the process of looking within, to examine the effectiveness of the services we provide; and looking outside NA, to the larger community, to see where we may be needed

STEP 2 (LISTING THE ISSUES)

Collect all ideas and topics gathered, and then brainstorm to clarify issues and identify anything that was missed. This helps us to make sure we didn't overlook an idea or issue, and confirms that we all understand the identified areas.

ONLY THEN CAN WE:

3. Develop goals
4. Prioritize goals

5. Create approaches
6. Prioritize approaches

7. Develop an action plan
