A Thought from the Editor

I want to wish everyone a Happy and Healthy New Year for 2018!! When I first got into the rooms of NA, I thought this is not for me. I am nothing like these people. It did not take long to realize that I had earned my seat. I noticed myself attending more meetings because I wanted to be there. I found a sponsor who helped me get started on the steps and learn about service. Because of my higher power and my work in recovery, I started to love my new life. Family, friends, my job, money are all great things, but if I stop attending meetings and step work I can lose it all. Since being a part of NA I have learned I like who I am today. All this is all possible if I don't pick up, one day at a time. Because one is to many and thousand is never enough.

Newsletter Subcommittee is looking for Artists; Writers; Poets; and people filled with imagination and creativity. Show your talents by reaching out to others and sharing your experience, strength and hope through the Shevana Newsletter.

"This letter is to you.

The you that has a had a rough week. The you that seems to be under constant storm clouds. The you that feels invisible. The you that doesn't know how much longer you can hold on. The you that has lost faith. The you that always blames yourself for everything that goes wrong. To you. You are incredible. You make this world a little more wonderful. You have so much potential and so many things left to do. You have time. Better things are coming your way, so please hang in there. You can do it!
